What's it about?

Written by experienced examiners, this Revision Guide for A2 provides tailored support for the 2008 specification. Featuring guidance from the people who write and mark exam papers and drawing on real exam data from Edexcel's ResultsPlus service, students can be confident it is designed to specifically meet their needs

- 'ResultsPlus' Examiner feedback draws on examiner expertise and ResultsPlus data to help avoid common pitfalls and build better answers.
- Exam-style questions, including multiple-choice, offer plenty of practice ahead of the exam.
- Worked examples show how to tackle exam questions.
- Guidance on Practical Assessment helps students to write better reports, case studies and individual investigations.
- Thinking tasks, quick questions and checklists help students track their progress and revise more effectively.
