### What's it about?

The Edexcel GCSE Higher Mathematics Student Book for Specification A is accompanied by a FREE ActiveBook and provides everything students need to achieve exam success.

The fully accessible and differentiated Higher Student Book contains on-page levelling for all questions to guide students on how they can achieve their target grade. This book includes full support for the new Assessment Objectives and exam-style questions to ensure students have the best chance of success in their exams.

Support for Functional Maths with clear labelling is contained within this Student Book. ResultsPlus exam performance data has been combined with valuable examiner insight to give students more tips and guidance on how to achieve exam success.
