How will ActiveLearn Digital Service help me?

Our ActiveLearn Digital Service has been used by **almost 45,000 teachers in over 4,300 institutions** in the UK across a range of subjects.

Just like a Teaching Pack, it is full of front-of-class teaching resources, packed full with ideas to help you make the most of your Student Books and guide you through curriculum reform.

Assessment materials linked to the Pearson Progression Scale also **help you track students' progress** and pinpoint strengths and weaknesses.

Your subscription options.

A Combined ActiveLearn Digital Service 1 or 3-year subscription contains all 16 topics, covering every option in our Edexcel GCSE (9-1) History specification - each topic is also available to subscribe to separately.

A Combined subscription is better value than buying 4 topics separately.

How much does it cost?

ActiveLearn Digital Service subscriptions are based on the size of your school or college - not your cohort size. For example the cost of the Combined annual subscription for a medium size school is £300 (+VAT) or £80 (+VAT) for a single topic.

“ActiveLearn Digital Service is an incredibly well thought-out online innovation that is rich in content, support and learning.”
