

Supporting every learner's revision journey

Everyone's revision journey is unique and we understand that it can be challenging for learners to know where to start. That's why we're here to support your students every step of the way.

Pearson Revise Online is a new revision platform designed to help every GCSE student revise independently with confidence, with in-built features to support their wellbeing.

- **Create a custom revision plan** – Our online planner helps students make revision work around their schedules. They can link revision slots to the subject's eBook and add in time for regular breaks. Plus, motivational messages help build their confidence during independent study.
- **All their resources in one place online** – Students can easily stay organised, wherever they are, with desktop and tablet access to 80+ eBook GCSE Revision Guides, Worked Examples and Quick Quizzes in one simple platform.
- **Track progress and help boost confidence** – With our revision tracker, your students will get a clear view of their progress for every subject topic. It also suggests what to revise next to help simplify revision planning.
