

Upgrading from ActiveLearn to **ActiveHub**

What's in my new subscription?

This guide outlines which **ActiveHub** package you'll be upgraded to, depending on your ActiveLearn subscription. **ActiveHub** content/features have been brought over from ActiveLearn, unless indicated otherwise.

In the event you're subscribed to an old edition on ActiveLearn, we'll move you to the latest edition on **ActiveHub**.

ActiveHub Package Key

Starter

Our assessment and insights solution which provides access to the Assessment Library and Assessment Builder.

Essential Teaching

Contains all Starter content, as well as a library of teacher resources to support your delivery of the course/qualification.

Essential Practice

Contains all Starter content as well as access to homework, revision and practice tasks to support independent learning.

Complete

All content from Starter, Essential Teaching and Essential Practice combined - a complete solution for schools to support teaching and learning.

Student eBooks

On-screen versions of the Student Books for students to access independently, on any device.

Audio Files

Downloadable audio files for language courses.

Note: Content/features within these packages vary by subject. The table below outlines the content/features by subject.

Subject	ActiveLearn Package	ActiveHub Package	ActiveHub content/features
